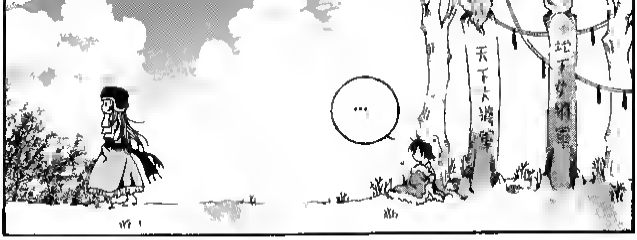
The girl was silently looking at me.

She had stopped and turned to my direction and stood still ... on pure white snowy road ...

Just like that, she froze along with everything else.

It was easy to tell that she was a noble's child.
Her jacket was thick with enough cottons, and her hair was well managed
And a white face—
!



…
天下大將軍
地下女將軍

사박
사박

Oh, little lady ... you left to take a walk without telling us ...
The lady was worried ..

Ugh what's this ... small ?!
Eh ..

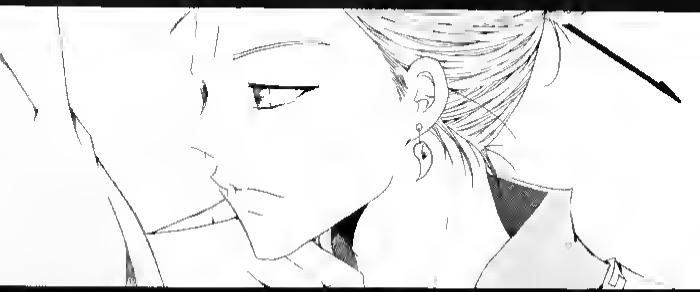
Who's this child ?
Clean him a bit and feed him a little.

Come on.
Oh, my, your body is freezing
Not once had she looked behind.
While we were talking to here, she did not say a word.
She showed neither acceptance nor rejection.
And certainly she did not show any sympathy.
She simply let
. That was all...

Even so ...
I have had absolutely no regrets that I chose to follow her on that very day as a child.

That was amazing Lady Syn-Ryu !
It was really, really, wonderful !
... Until he chose me

Her father ...



A kind of man who'd use his daughter as a mere dancer if needed ...

Her father chose me (to be his pawn) .

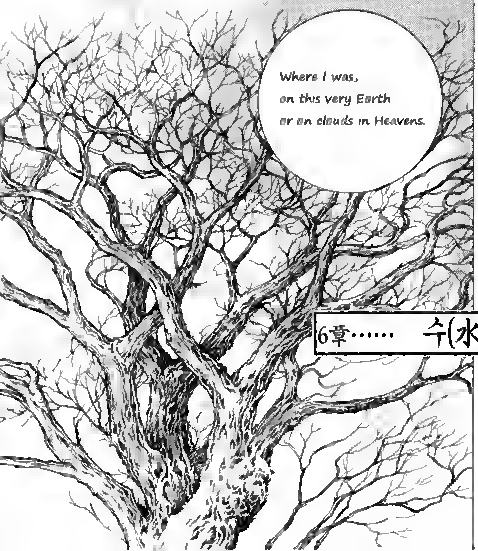
There was a half-naked lady who danced in middle of snow and here I am with a heat pot with me.
?
I am not feeling cold.
Ouch.
Sir, should I get you a cotton sheet ? Are you feeling cold ?
Yes ! I know how it feels ! It... burns... !
Sir...
Yes, of course I feel like a ball of fire is rampaging

You sound as if you were not pleased with my Sye-Ryu's dancing
I cannot say I am not pleased.

She looked like a fairy from the heavens.
Surrounded by vivid green rather than usual white
And –
And such gentle wind blowing.

I've forgotten momentarily

Where I was, on this very Earth or on clouds in Heavens.



## Episode 6 ...

덜컥
덜컥
덜컥
Lord Lee Sana is a liar
Whenever he opens his mouth it's always full of lies.
You could tell easily ? It looks like I need to train harder
덜컥
덜컥
덜컥
Yes, it was bold and obvious I was afraid that he might get angry by your sarcasm
The young lady looked darn beautiful to me. Why did you have to reject the offer like that ?
But ...

If father made my sister dance like that
Sir ... !
Sorry it was a bad example
That'd mark the end of the family ! You know how bad she is at dancing !
Angway, it was a very uncomfortable seat for me
And
It seems I have to be there more often...
Sir !

Are you marrying ?!
Hmm...
With the young lady of Soun family ?!
Hmm...
Sir ?!
Ah... another inn.
My feet are crying !
Too expensive
Are you going to walk until you reach every corner of the city ?!

Nuna !
Say something !
Ah ...
Um...
So...
Let's go in
Welcome
One room please and do you have a place in your stables ?
No way !

I will earn money for my bed !
Aru, don't run.
Swear it.
I will if you swear, too !
달칵
Wow ...

So high...

What a view.
Eh ~
Expensive rooms are good. Money talks.
Oppa, this is real glass.
Aru, look ! You can even see Su royal palace !
Uh, really ?
Let's eat and wanna take a walk with me, Aru ?
Ok !

We will be here for only a week. And it's unlikely that we will visit this country again.
Yes.
(Aru) Jere-Young oppa, I have never been to such a tall building
Me, either
But, Aru, you took an airship. We went higher.
True.

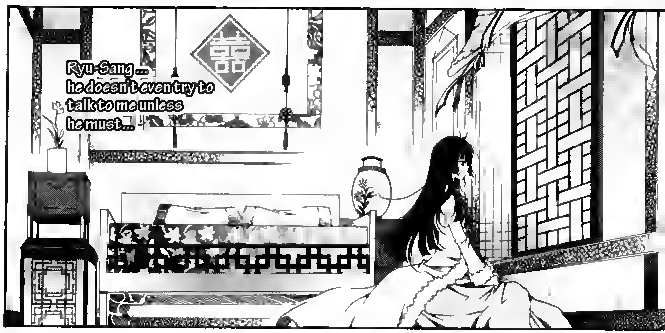
We even went above clouds !

For a moment...
I swear she became half transparent...!
As if... she was going to disappear into thin air...
Ah!
Anyway...

What was that ... just now ?
Grr ....
This is uncomfortable.
...
Is this why ...
Dan-Ah nuna told us not to enter Su country ?

These ships ...
Still ...
Nothing ... bad is going to happen right ? We are going to be here for just a week.
I've seen a lot of them recently ...
Now ...
Where to go ...
Nothing's going to happen ..., right ?

I am not so sure ..
They are so relaxed ... I want to ruin their mood.
Want to tag along ?



Ryu-Sang... he doesn't even try to talk to me unless he must...

There are many topics to talk about.
Like those Sui's warships ...
And the wound he received that night...

"Take an airship after a week.
I will see you there, Jare-Young."
He was talking to him. I shouldn't expect anything.
Camellia flowers are falling...

It is going to get colder soon.
Though this country is warmer than ours.
Saku-nim... (teacher)
I she now.

ナ

Ah !
What brings you here ?
Well, you see

The ash tree in this house is green all year
Yes.
The ash tree.. it was you who planted it and looked after when you were a child.
Yes.
People say that it is due to your mysterious powers
.... So, I thought that ... by being here ..., being exposed to your powers..., I could ... perhaps ... regain my spring ... (Youth)
What kind of conclusion is that ?!

I ... recently had a child at my age ..., so ... I wanted ..., you see ...
What a strange story you are telling me.
I cannot get your youth back since I didn't give birth to you and raised you
Is .. that so...
Why would you care so much for your new child though ? Since you didn't give him a proper name.
And please stop visiting me without letting father know
So far I've let you get away with this because I considered you as an uncle, but no more.
Sye-Ryu ..

JANIMES.COM

I could tell that you were very cautious with choices of words.
The true story is ...
much stranger, isn't it ?

Ah um...

Sye Ryu, it's a misunderstanding

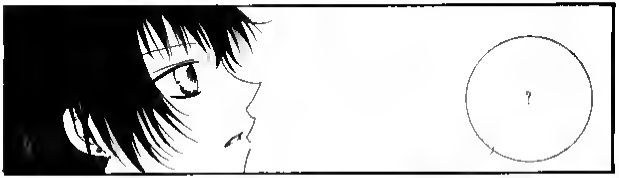
?

I didn't mean... you know

M'lady ?

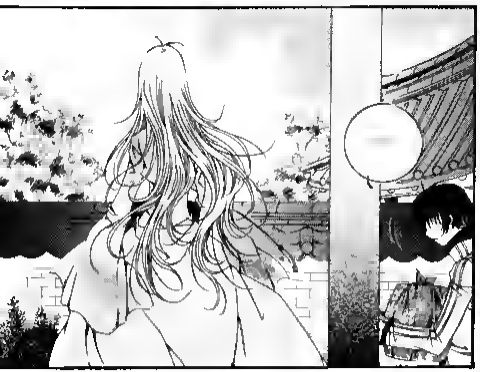
=!

I ...

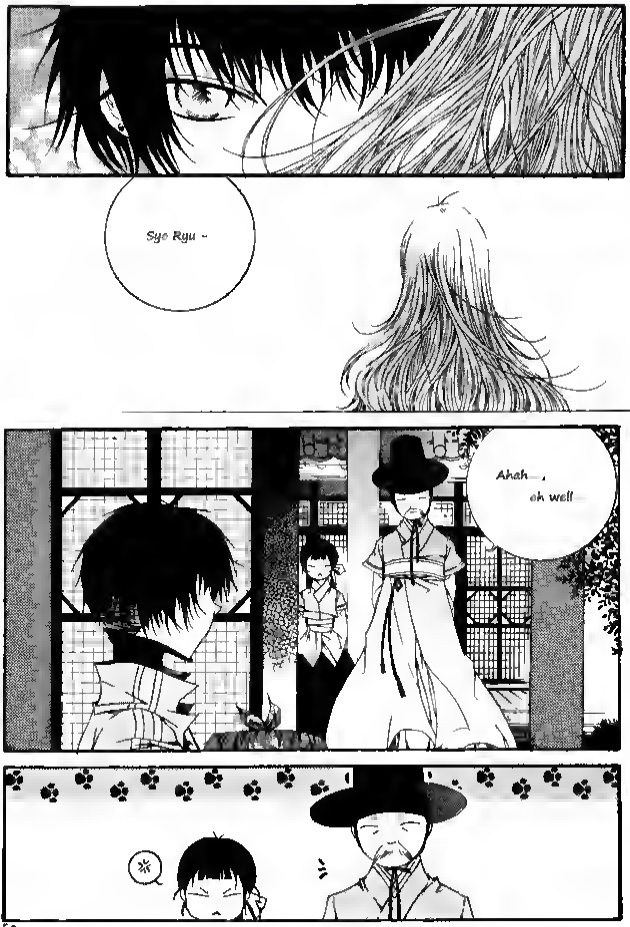


?

Ah ... !



Syo Ryu ...

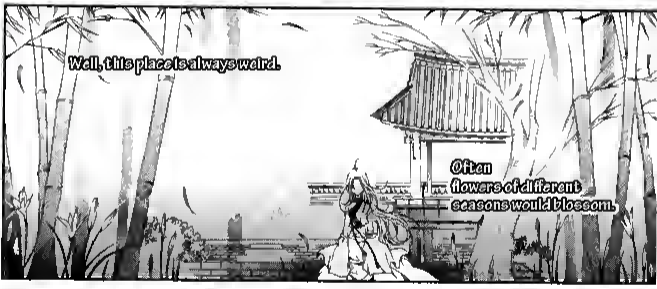


Sye Ryu ~
Ahah..., oh well...
※

Weather is warm... for winter
Hmmm, the lord is looking for you
Yes.

Lady.
Lady Syo Ryu
—
You might get frostbite.
Lady

I am going to be yelled at for this ...
I came home.
I find this "home" ... strange.



Well, this place is always weird.
Often ... flowers of different seasons would bloom.

some trees grow spring leaves a few times in a year.

One cannot see any other houses over the walls at all.
When one looks around, it's flat.
The sky is free to be seen however.
This house is confined.

It's a different world in here.

JANIMES.COM

It tells me I do not blend with this place.

It tells me I do not belong here.

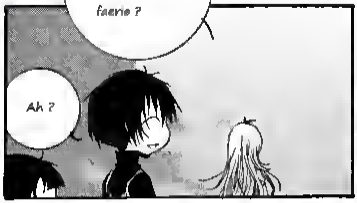
It tells me ...

... a place "home".

I have left this "home" once.

That's useless, ma'am. Get a bowl of distilled water and clean your feet.
Pity this girl here who will be scolded for your actions.
Harim ! Watch your mouth !
You knew ?
Everyone knows in this house.
Yes, ma'am.
I see ...
They did not tell you because they cared about you
If it weren't for the out-of-mind old man, you wouldn't have heard at all
How dare he...

I knew already
I have ears
Of course,
I knew
It was ...
Just that I have
known him for
so long...
I just...



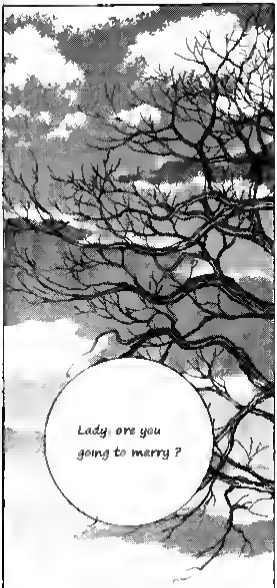
Am I really a faerie ?
Ah ?

Once you get married, you will have to live a life of a woman.
Ah !
Eh ?

I heard that he has never had good health though
Come to think of it. I danced in front of him.
Who ?

I guess the lord doesn't care even if you become a young widow
Today hasn't been good for me.
....

My feet is starting to hurt. let's go
....
Yes.

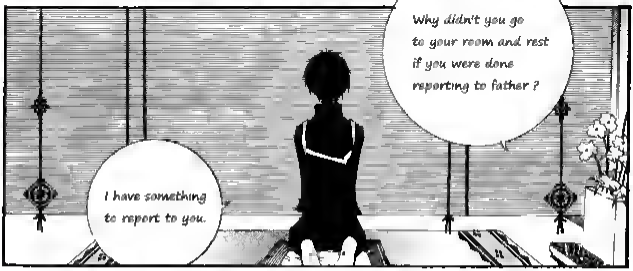


Lady, are you going to marry ?

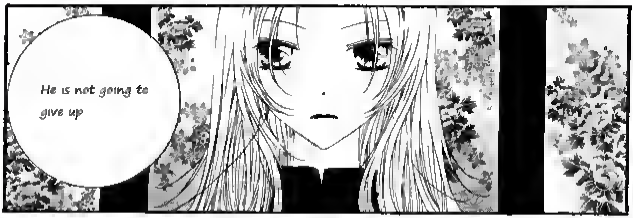
No.

Well ...
I am a mere peon.
I just have to work
for my paycheck

If it starts to itch, please do let me know
Ok.



Why didn't you go to your room and rest if you were done reporting to father ?
I have something to report to you.



He is not going to give up

He was not satisfied with the gift I brought to him.
** You recall him carrying some sort of pot ?
It was likely containing a head of you-know-who.

And he gave me another order
And I am not sure if I should execute the order.

Since when did you decide to report every little things to me ?
I thought you were interested.
Because you did not tell your father the whole facts.
The last child of the Hong family is
A girl. You did not tell him that.
It's here, too ?
She does not look like that !
What are your orders?
구밥이요
된장찌개
순두부 주세요
국도 순두부로

A week.

Do it ?

What does my will mean to you ?

JANIMES.COM

Your words are
God's words to me.
They are absolute.
If you tell me not to
do it, I shall not do it.

You save this loser's life twice.
I do not know your reasons.
I still owe you a favor. You may use it now.
Though I did return the first favor
But you seem to want to save her

I too, favor the girl
I see no reason or whatsoever to get rid of such a person.
Harim.
You need to stop.

You need to stop seeking my opinions.
Or are you following my father's footsteps ?
Perhaps...
You do know what path I will choose, and perhaps that is why you say nothing
I
Shall not see into your future.
That is all.

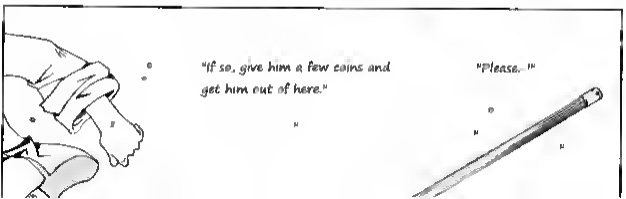
Liar.
"You ..."
"You will destroy me in the end."
"... Pardon?"

"Leave this place"

"Ah .. ?"

"Who let this child work here?"

"Did you gave him food?"
"Ah .. !"

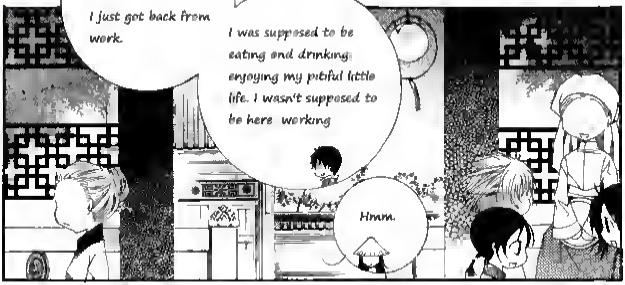


"If so, give him a few coins and get him out of here."
"Please.. !"

I am sorry !
I won't do anything bad !
I will do anything !
Please, I beg of you ! Let me stay !

I have no place to go.
I hate being cold and being hungry.
My mom sold me.
Ah ... !
I was sold like livestock.
I was 5th child of 6.
The work was too hard and I ran away.
How dare you !
Do you realize who this lady is ?!
If it weren't her you should have frozen to death !
I regret running away now.
I regret ...
I am sorry ...

I am sorry ...
You don't look so good.
Yeah ?

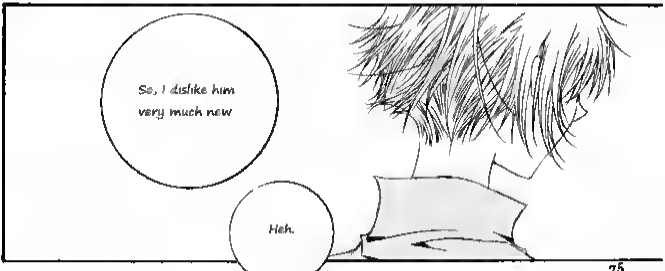


Who would ?
I just got back from work.
I was supposed to be eating and drinking; enjoying my pitiful little life. I wasn't supposed to be here working
Hmm.

Anyway, they seem to be spending a lot. Don't they know that they don't have a source of income anymore ?
Their teacher was a very rich person, I guess.

I dropped mine back in the airship I didn't feel like going all the way down and get it back.

Grrr. I should have stolen their money at the airship ... Aru woke up though.
A new sword ?
This ?



So, I dislike him very much now
Heh.

Ryu Sang sensed us.
Grrr, that guy is way too sensitive.
Is he mixed ? His eyes were blue
No idea, but I know he hates others talking about his eyes
By the way
JANIMES.COM

Maybe his parents abandoned him because of the eyes.
No way
Even if it is true, that's nothing compared to many others.
.... He kn ws we are here. What will we do now ?
Besides ...
I don't want to cause chaos.
The lady has something in her mind ...

It snowed in March.
Some impatient trees were already let out their newly born leaves and it snowed.
And this child remembers the day that she saw snow for the first time vividly.
After thousands nights, the child still remembers the day she saw snow for the first time vividly.
It was old but well decorated guest room. It was 5th day of her new life.
A girl stayed in the room for a little while.
Strange room, and strange environment.

The girl concentrates to listen.
She feels as if

Faint sound of snow.
The child recalls "amnesia", a hard word for a child of her age, and tries to see through darkness.
She recalls that she knows snow. Though she feels that this is the first time seeing it.
A young woman who was looking after her told her that it was what "amnesia" was like.
Still, the child is genuinely confused.
And she continues to see through.

The child is scare of darkness.

The child
creates (imagines)
monsters in darkness.

It growls,
exposing its white
teeth. It is hostile.

And it has always been aimed at me.
In darkness, there are always harm.
And now,

Episode 7 ..... Snow

Interesting
You knew we prepared an ambush. Still... you fell for it.
Is your head an accessory ?

Draw your sword.

You knew I foresaw this, yet still go for it ? Is your head an accessory ?
Ah...
Our top priority is to kill you. That's why.
There are only two of us though.
You are dressed like you are going out for a long walk.

Because we have to run.
.. ?
I can't tell him ?
No !
But that voice sounds like Mr Noname's.
He is a bad guy !
But he's Mr Noname...
Which do you like more ?!
Come on, I know they were hiding in there.
And you should know that
I am not alone

Not good ...
Already ...
If you are playing around ...
You will get hurt

You've experienced once, no ?
Of course.
We have !

If you kill me now,
you will never find out
where your teacher is !

Our teacher
Is she in the country ?
What have you done to her ?!

Myo-Un !

She managed to sever a trained healthy man's wrist with such a cheap dagger ?

Well... no time for such a thaught now
– His hand ?
I threw it into a pond that wasn't frozen.
I should have burried it by my own hands.
No need for that

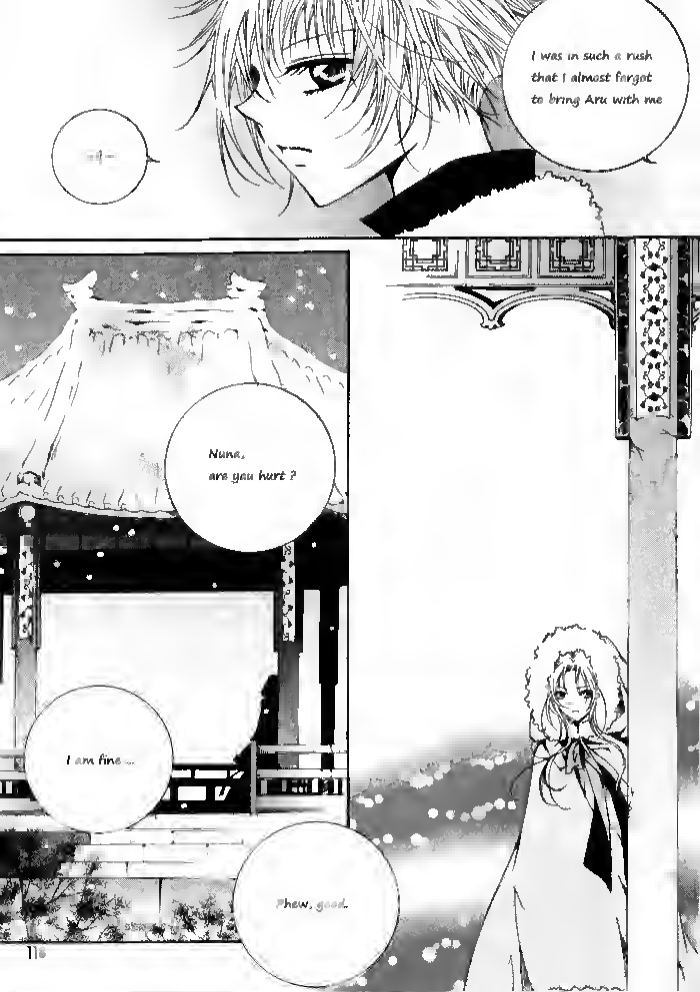
They didn't bury Miho nune
Was she killed ?
...
Yes ...

Just her ?
Orin, Myeong-Chil, Suk-Zae ...
Perhaps, more, but I don't know.
Why ...
Are you telling me such important news now ?
You earned the wound on that night as well, didn't you ?
Yes.
Ryu-Sang -

I know you dislike me.
I do know you don't even like talking to me unless you have to.
But this is no time for that, you know
Such discrimination was fine at the temple where we had peaceful life.
But in this situation, we should help each other out.
I am not asking you to suddenly see me as a friend, but at least tell me what I should know

I know that you will feel uncomfortable about that but...
Okay
Why aren't you wearing a coat ? I told everyone to wear it.
JANIMES.COM

... I forget.
Like you've ever listened anyone.
I forgot this once...
Ryu-Song hyeong, Mye-Un nuna -
Give my coat back. Your belongings are here.
She's alright, right ?
Eunni -



I was in such a rush that I almost forgot to bring Aru with me
Nuna, are you hurt ?
I am fine ...
Phew, good.

What has happened...
Come to think of it...

And there were a bunch of children who believed they had a place to go when they didn't.

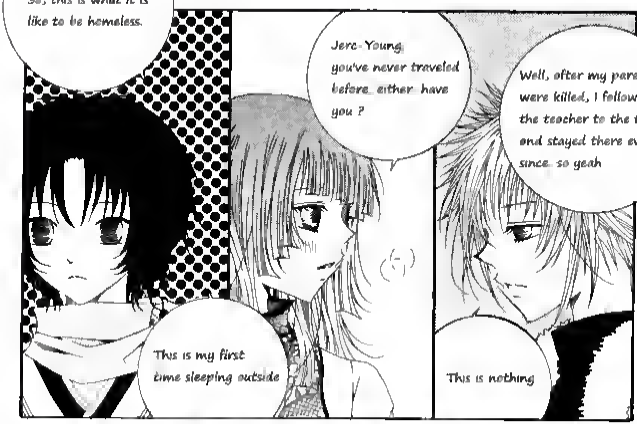
I cannot trust you

"Because you are..."
"A liar from bottom of your heart..."
JANIMES.COM

What.
Hyeong (Bro)
Did you happen to tell her that Miho nuna and the others died ?

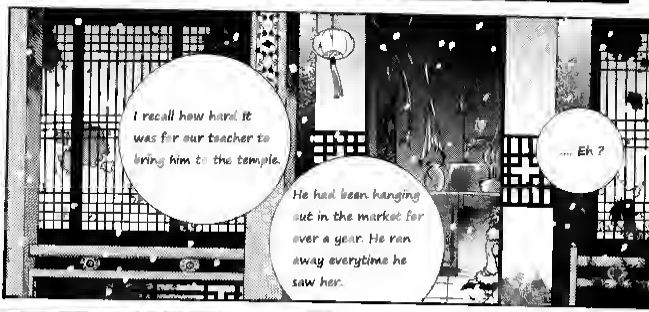
Yes.
You told me not to tell her !
How could you not tell me?
Ah... well...
?
Sorry.
Hmm...
Once we get back, we should hold proper funerals.
Yeah



So, this is what it is like to be homeless.
Jerc-Young, you've never traveled before, either, have you ?
Well, after my parents were killed, I followed the teacher to the temple and stayed there ever since, so yeah
This is my first time sleeping outside
This is nothing

Right, your profession was a begger, right ?
Eh ?
You call that a profession ?

What are you two talking about ?
Right, you arrived after he did, so you wouldn't know



I recall how hard it was for our teacher to bring him to the temple.
He had been hanging out in the market for over a year. He ran away everytime he saw her.
.... Eh ?

" You are selling cute boys to some old men for money right ?!
Stop following me, you ugly grandma ! "

He called himself "cute".
Uh... I don't think that was the point though...
Anyway ... she did manage to get him to the temple ...
But he was smelling really, really, bad.
So Dan Ah nuna took her time cleaning him up
Wow ~

When he was cleaned up, he looked fine actually.

Blue-eyed girl !

Then he had his fight with Del-Shye hyeong on his first day
I know that story too

I heard that Ryu-Song oppa was a really bad bad begger
How would you know? You weren't even born at that time.

Del-Shye oppa told me.

— This is my first time hearing it.

Because no one was interested in you
Hey !
Is that what you should say now ?!
Kids go to bed early, so go to bed
Ok.

You... you...!
You didn't even talk to me for past 10 years!
What a stubborn boy! Even when I tried to talk, you didn't even respond!
Nuna, go to bed.

That was mean and harsh.

"Myo-Un, what would you like to do?"

"If you kill me, you will never know where your teacher is!"

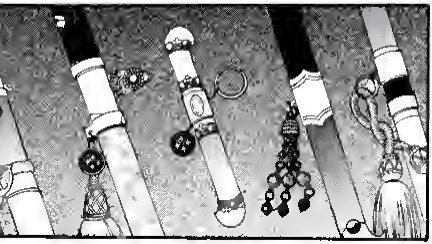
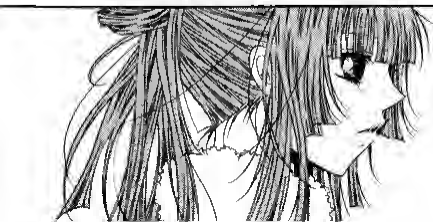
Who knows.
I really tried.
Kept moving around.
Again?!

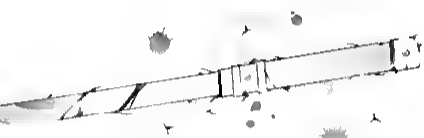
Ahchu!





Please wait a moment.

The dagger I had ... I bought it when I had to escape from the temple.

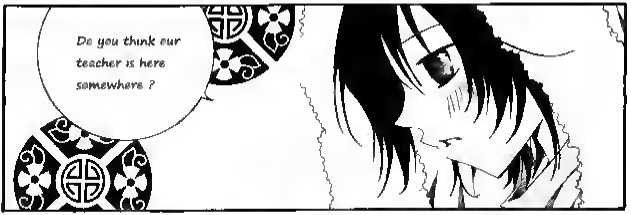


When I bought it, it had no purpose. I simply bought it ... just in case ... Who knew ... that it'd end up like that ...

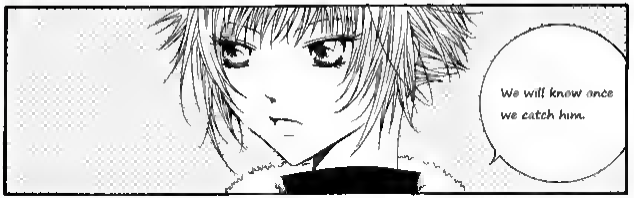
I had really no idea

So Mr Nomane has put a bounty on Myo-Un nuna

Seems so.
Why though ?
I don't know



Do you think our teacher is here somewhere ?



We will know once we catch him.

He may have lied to save his skin.

Where to now ?
He has some powers and background. As long as we are in this country, the situation won't change
Then ...
So, we need someone with some background as well
He showed up only a few hours later we arrived at the inn.
We don't even know anyone here.
Hmm ...

Don't you think this is a little ridiculous ?
What is ?
"What is?" ?' You basically told him to bug off !
He owe us. He needs to pay us.
That's my point ! You denied the pay-back favor brutally !

A man doesn't care for minor details. Besides, Han Ah did tell us to visit
Besides, we were able to find this house by just asking anyone. Whoever's running this house should have political powers
We will do chores with Han Ah until our time's up and leave this country
I'd be glad if we didn't get denied at the gate.

But we ...
We are here to see a servent, so I am not gonna knock the main gate I know that much
This is sad
How did he manage to get employed at a place like this ?
What are you going to say now ?
